

Club Meetings

Gardening Club Meets Monday mornings 10:30 to 12:00. Weather permitting, we will always be outside in the potting shed. When the weather is not conducive to gardening, we will learn about flower arranging, public garden efforts, and other gardening concerns (like how insects can be beneficial to the garden, how to make a garden to attract butterflies and birds, how to make a rain garden, etc.) in the Linton Lounge.

Glee Club Love to sing? No singing ability required. We sing to make a joyful noise! Bring your old favorites and we will do our best to do them justice. Meets Monday afternoons in the gym.

Scrabble Club Members will be divided into teams for play-offs. A big part of our club's schedule is celebrating the Scrabble champion of the play-offs. We have a big party, paid for with money each player has to contribute when they lose a match. Don't worry, it is not gambling----it's "funny money". Meets Monday afternoons in the dining room.

Missions Club We meet Tuesday mornings to learn of a particular missionary's needs and then we work to make a project to send to the missionary. Dresses from pillowcases for little girls, knitted hats for children, and decorated boxes filled with toiletries are examples of past projects. Find us in the gym's Nolan Nook at 10:30.

Supporting Our Military Everyday (SOME) Club We meet Tuesday afternoons to learn about certain military operations and then write letters of encouragement, make cards or other appropriate projects to send to the operation. We will be in the Linton Lounge at 2:00.

Living Our Values Everyday (LOVE) Club Our club is focused on the local community here in Lexington. We meet on Wednesday mornings to learn about what is going on in Lexington and what we can do to help. Look for us in the Nolan Nook at 10:30.

UK Fan Club We meet on Wednesday mornings in the Linton Lounge to show our team spirit by learning what is going on with sports at UK and making posters and other morale boosters. Dressing in blue is mandatory on club meeting days! Wouldn't it be fun if a UK player dropped in to boost OUR morale?! HEY....it could happen!

Book Club We meet Wednesday afternoons in the Nolan Nook of the gym. Books are selected by club members, in turn, beginning with the club member whose first name is first in the alphabet. New members who join must wait until the current members have had a turn picking a book before their turn occurs. Books are provided by the Lexington Public Library.

Art Club Our goal is to learn what makes good art, and then share what we learn in our club meetings with everyone we know to make the world a more visually pleasing place. Art is in everything that is man-made: buildings, vehicles, clothes, signs, movies, etc. We meet Thursday mornings in the potting shed, weather permitting. Otherwise we are in the Nolan Nook of the gym.

Hunting and Fishing Club We meet on Thursday mornings to swap fish and hunting tales and to learn about current hunting and fishing issues. Guest speakers are a regular part of our club's agenda, and a fishing trip is scheduled for good weather. We will meet in the Linton Lounge.

Bridge Club Meets every Thursday afternoon at 2:00 to 3:30 in the dining room. Those new to bridge and seasoned players welcome! We play for fun, with a focus on making happy memories and building relationships.

Showing Our Love of Veterans Everyday (SOLVE) Club We meet to discuss issues affecting veterans and how we can help on Friday mornings in the Nolan Nook. Examples of what we can do: write to our representatives in government, to newspapers, and celebrities. Write letters to veterans in hospitals, and to family members to give encouragement. We also explore social media and how to use it to further our cause.

Natural Resources Club Meets Friday afternoons in a location TBD (could be potting shed, Linton Lounge, gym, dining room, or Nolan Nook depending on subject matter) to hear a status report of how Kentucky's air and water quality is faring. We learn what affects our environment and what we can do to help. Our grandchildren's health is at stake!

Note: Club meetings are based on member interest, and therefore are subject to change according to member interest. Please check schedule posted in foyer daily for current club meetings.
